## Articles published in peer-reviewed indexed journals

### 2018

Anskär, Eva; Lindberg, Malou; Falk, Magnus; Andersson, Agneta (2018): Time utilization and perceived psychosocial work environment among staff in Swedish primary care settings. In: *BMC health services research* 18 (1), S. 166. DOI: 10.1186/s12913-018-2948-6.

Ariza-Montes, Antonio; Arjona-Fuentes, Juan M.; Han, Heesup; Law, Rob (2018): Work environment and well-being of different occupational groups in hospitality. Job Demand–Control–Support model. In: *International Journal of Hospitality Management* 73, S. 1–11. DOI: 10.1016/j.ijhm.2018.01.010.

Berthelsen, Hanne; Conway, Paul Maurice; Clausen, Thomas (2018): Is organizational justice climate at the workplace associated with individual-level quality of care and organizational affective commitment? A multi-level, cross-sectional study on dentistry in Sweden. In: *International archives of occupational and environmental health* 91 (2), S. 237–245. DOI: 10.1007/s00420-017-1275-2.

Berthelsen, Hanne; Hakanen, Jari J.; Westerlund, Hugo (2018): Copenhagen Psychosocial Questionnaire - A validation study using the Job Demand-Resources model. In: *PloS one* 13 (4), e0196450. DOI: 10.1371/journal.pone.0196450.

Bethge, Matthias; Mattukat, Kerstin; Fauser, David; Mau, Wilfried (2018): Rehabilitation access and effectiveness for persons with back pain: the protocol of a cohort study (REHAB-BP, DRKS00011554). In: *BMC public health* 18 (1), S. 22. DOI: 10.1186/s12889-017-4588-x.

Dicke, Theresa; Marsh, Herbert W.; Riley, Philip; Parker, Philip D.; Guo, Jiesi; Horwood, Marcus (2018): Validating the Copenhagen Psychosocial Questionnaire (COPSOQ-II) Using Set-ESEM. Identifying Psychosocial Risk Factors in a Sample of School Principals. In: *Front. Psychol.* 9, S. 800. DOI: 10.3389/fpsyg.2018.00584.

Dorland, H. F.; Abma, F. I.; Van Zon, S. K. R.; Stewart, R. E.; Amick, B. C.; Ranchor, A. V. et al. (2018): Fatigue and depressive symptoms improve but remain negatively related to work functioning over 18 months after return to work in cancer patients. In: *Journal of Cancer Survivorship*. DOI: 10.1007/s11764-018-0676-x.

Fariborz Roshangar; Bahman Davoudi; Hadi Hasankhani; Jalil Babapour (2018): The Relationship Between the Effort-Reward Imbalance and Psychosocial Health in Nurses. In: *Journal of Research in Medical and Dental Sciences* 6 (2), S. 67–73.

Hansen, Åse Marie; Grynderup, Matias Brødsgaard; Rugulies, Reiner; Conway, Paul Maurice; Garde, Anne Helene; Török, Eszter et al. (2018): A cohort study on self-reported role stressors at work and poor sleep. Does sense of coherence moderate or mediate the associations? In: *International archives of occupational and environmental health*. DOI: 10.1007/s00420-018-1294-7.

Havermans, Bo M.; Boot, Cécile R. L.; Hoekstra, Trynke; Houtman, Irene L. D.; Brouwers, Evelien P. M.; Anema, Johannes R.; van der Beek, Allard J. (2018): The association between exposure to psychosocial work factors and mental health in older employees, a 3-year follow-up study. In: *International archives of occupational and environmental health* 91 (1), S. 57–66. DOI: 10.1007/s00420-017-1261-8.

Javid, Muhammad Umair; Isha, Ahmad Shahrul Nizam; Sabir, Asrar Ahmed; Ghazali, Zulkipli; Nübling, Matthias (2018): Does Psychosocial Work Environment Factors Predict Stress and Mean Arterial Pressure in the Malaysian Industry Workers? In: *BioMed research international* 2018 (6), S. 1–11. DOI: 10.1155/2018/9563714.

Jeon, Sang Hee; Park, Mi Hyun; Choi, Kyungok; Kim, Mi Kyoung (2018): An ethical leadership program for nursing unit managers. In: *Nurse Education Today* 62, S. 30–35. DOI: 10.1016/j.nedt.2017.12.017.

Jong, Merel de; Tamminga, Sietske J.; van Es, Robert J. J.; Frings-Dresen, Monique H. W.; Boer, Angela G. E. M. de (2018): The quality of working life questionnaire for cancer survivors (QWLQ-CS). Factorial structure, internal consistency, construct validity and reproducibility. In: *BMC cancer* 18 (1), S. 66. DOI: 10.1186/s12885-017-3966-1.

Junne, Florian; Michaelis, Martina; Rothermund, Eva; Stuber, Felicitas; Gündel, Harald; Zipfel, Stephan; Rieger, Monika A. (2018): The Role of Work-Related Factors in the Development of Psychological Distress and Associated Mental Disorders. Differential Views of Human Resource Managers, Occupational Physicians, Primary Care Physicians and Psychotherapists in Germany. In: *International journal of environmental research and public health* 15 (3). DOI: 10.3390/ijerph15030559.

Korshøj, Mette; Jørgensen, Marie Birk; Hallman, David M.; Lagersted-Olsen, Julie; Holtermann, Andreas; Gupta, Nidhi (2018): Prolonged sitting at work is associated with a favorable time course of low-back pain among blue-collar workers. A prospective study in the DPhacto cohort. In: *Scand J Work Environ Health*. DOI: 10.5271/sjweh.3726.

Letellier, Marie-Claude; Duchaine, Caroline S.; Aubé, Karine; Talbot, Denis; Mantha-Bélisle, Marie-Michèle; Sultan-Taïeb, Hélène et al. (2018): Evaluation of the Quebec Healthy Enterprise Standard. Effect on Adverse Psychosocial Work Factors and Psychological Distress. In: *International journal of environmental research and public health* 15 (3). DOI: 10.3390/ijerph15030426.

- Liang, Ying-Zhi; Chu, Xi; Meng, Shi-Jiao; Zhang, Jie; Wu, Li-Juan; Yan, Yu-Xiang (2018): Relationship between stress-related psychosocial work factors and suboptimal health among Chinese medical staff. A cross-sectional study. In: *BMJ open* 8 (3), e018485. DOI: 10.1136/bmjopen-2017-018485.
- Lima, Tânia M.; Coelho, Denis A. (2018): Ergonomic and psychosocial factors and musculoskeletal complaints in public sector administration – A joint monitoring approach with analysis of association. In: *International Journal of Industrial Ergonomics* 66, S. 85–94. DOI: 10.1016/j.ergon.2018.02.006.
- Loh, May Young; Idris, Mohd Awang; Dollard, Maureen F.; Isahak, Marzuki (2018): Psychosocial safety climate as a moderator of the moderators. Contextualizing JDR models and emotional demands effects. In: *J Occup Organ Psychol* 18 (1), S. 470. DOI: 10.1111/joop.12211.
- Martini, Mara; Viotti, Sara; Converso, Daniela; Battaglia, Jolanda; Loera, Barbara (2018): When social support by patrons protects against burnout. A study among Italian public library workers. In: *Journal of Librarianship and Information Science* 62 (2), 096100061876371. DOI: 10.1177/0961000618763716.
- McCarthy, V.J.C.; Wills, T.; Crowley, S. (2018): Nurses, age, job demands and physical activity at work and at leisure. A cross-sectional study. In: *Applied Nursing Research* 40, S. 116–121. DOI: 10.1016/j.apnr.2018.01.010.
- Moloney, Willoughby; Boxall, Peter; Parsons, Matthew; Cheung, Gordon (2018): Factors predicting Registered Nurses' intentions to leave their organization and profession. A job demands-resources framework. In: *Journal of advanced nursing* 74 (4), S. 864–875. DOI: 10.1111/jan.13497.
- Per Øystein Saksvik; Margrethe Faergestad; Silje Fossum; Oyeniya Samuel Olaniyan; Øystein Indergård; Maria Karanika-Murray (2018): An effect evaluation of the psychosocial work environment of a university unit after a successfully implemented employeeship program. In: *International Journal of Workplace Health Management* 11 (1), S. 31–44. DOI: 10.1108/IJWHM-08-2017-0065.
- Pihl-Thingvad, Jesper; Brandt, Lars P. A.; Andersen, Lars L. (2018): Consistent Use of Assistive Devices for Patient Transfer Is Associated With Less Patient-Initiated Violence. Cross-Sectional Study Among Health Care Workers at General Hospitals. In: *Workplace health & safety*, 2165079917752714. DOI: 10.1177/2165079917752714.
- Pijpker, Roald; Vaandrager, Lenneke; Bakker, Evert Jan; Koelen, Maria (2018): Unravelling salutogenic mechanisms in the workplace. The role of learning. In: *Gaceta sanitaria*. DOI: 10.1016/j.gaceta.2017.11.006.
- Preuner, Katrin; Stummer, Harald; Nöhammer, Elisabeth; Katzdobler, Sabine (2018): Messung psychischer Belastungen in Krankenhäusern. In: *HBScience* 9 (1-2), S. 2–8. DOI: 10.1007/s16024-018-0314-6.
- Ralph Kattenbach; Simon Fietze (2018): Entrepreneurial orientation and the job demands-resources model. In: *Personnel Review* 47 (3), S. 745–764. DOI: 10.1108/PR-08-2016-0194.
- Roelen, Corné; Thorsen, Sannie; Heymans, Martijn; Twisk, Jos; Bültmann, Ute; Bjørner, Jakob (2018): Development and validation of a prediction model for long-term sickness absence based on occupational health survey variables. In: *Disability and rehabilitation* 40 (2), S. 168–175. DOI: 10.1080/09638288.2016.1247471.
- Sundstrup, Emil; Hansen, Åse Marie; Mortensen, Erik Lykke; Poulsen, Otto Melchior; Clausen, Thomas; Rugulies, Reiner et al. (2018): Retrospectively assessed psychosocial working conditions as predictors of prospectively assessed sickness absence and disability pension among older workers. In: *BMC public health* 18 (1), S. 149. DOI: 10.1186/s12889-018-5047-z.

Sundstrup, Emil; Hansen, Åse Marie; Mortensen, Erik Lykke; Poulsen, Otto Melchior; Clausen, Thomas; Rugulies, Reiner et al. (2018): Retrospectively assessed psychosocial working conditions as predictors of prospectively assessed sickness absence and disability pension among older workers. In: *BMC public health* 18 (1), S. 149. DOI: 10.1186/s12889-018-5047-z.

Thrasher, Gregory R.; Zabel, Keith L.; Bramble, Reed J.; Baltes, Boris B.; Kooij, Dorien (2018): Who is Aging Successfully at Work? A Latent Profile Analysis of Successful Agers and their Work Motives. In: *Work, Aging and Retirement* 4 (2), S. 175–188. DOI: 10.1093/workar/wax026.

Tibubos, Ana N.; Grammes, Jennifer; Beutel, Manfred E.; Michal, Matthias; Schmutzer, Gabriele; Brähler, Elmar (2018): Emotion regulation strategies moderate the relationship of fatigue with depersonalization and derealization symptoms. In: *Journal of affective disorders* 227, S. 571–579. DOI: 10.1016/j.jad.2017.11.079.

Tribian, Annika; Vinstrup, Jonas; Sundstrup, Emil; Jay, Kenneth; Bös, Klaus; Andersen, Lars L. (2018): Physical activity during work and leisure show contrasting associations with fear-avoidance beliefs. Cross-sectional study among more than 10,000 wage earners of the general working population. In: *Scandinavian Journal of Pain* 0 (0), S. 8. DOI: 10.1515/sjpain-2017-0136.

van der Doef, Margot P.; Schelvis, Roosmarijn M. C. (2018): Relations Between Psychosocial Job Characteristics and Work Ability in Employees with Chronic Headaches. In: *Journal of occupational rehabilitation*. DOI: 10.1007/s10926-018-9769-7.

## 2017

Aceves, Mariana Álvarez; Flores, María del Rosario Demuner (2017): Capital social y uso del conocimiento en el sector salud. Una revisión narrativa de la literatura. In: *Revista Cubana de Información en Ciencias de la Salud* 28 (4). Online verfügbar unter <http://www.rcics.sld.cu/index.php/acimed/article/download/1166/715>.

Akca, M.; Yurtçu, B. G. (2017): Çalışma Ortamı Özelliklerinin Hekimlerin Görev Ve Bağlamsal Performansına Etkisi. The Impact of Work Environment Characteristics on the Task and Contextual Performance of Doctors. In: *International Journal of Academic Value Studies (Javstudies)* 3 (15), S. 197–207. Online verfügbar unter 10.23929/javstudies.562.

Aminian, Mohammad; Dianat, Iman; Miri, Anvar; Asghari-Jafarabadi, Mohammad (2017): The Iranian version of the Copenhagen Psychosocial Questionnaire (COPSOQ) for assessment of psychological risk factors at work. In: *Health promotion perspectives* 7 (1), S. 7–13. DOI: 10.15171/hpp.2017.03.

Andersen, Dorte Raaby; Andersen, Lars Peter; Gadegaard, Charlotte Ann; Høgh, Annie; Prieur, Annick; Lund, Thomas (2017): Burnout among Danish prison personnel: A question of quantitative and emotional demands. In: *Scandinavian journal of public health*, 1403494817718644. DOI: 10.1177/1403494817718644.

Aronsson, Gunnar; Theorell, Tores; Grape, Tom; Hammarstrom, Anne; Hogstedt, Christer; Marteinsdottir, Ina et al. (2017): A systematic review including meta-analysis of work environment and burnout symptoms. In: *BMC public health* 17 (1), S. 264. DOI: 10.1186/s12889-017-4153-7.

Back, Chi Yun; Hyun, Dae Sung; Chang, Sei Jin (2017): Association between Emotional Labor, Emotional Dissonance, Burnout and Turnover Intention in Clinical Nurses. A Multiple-Group Path Analysis across Job Satisfaction. In: *Journal of Korean Academy of Nursing* 47 (6), S. 770–780. DOI: 10.4040/jkan.2017.47.6.770.

- Berthelsen, Hanne; Westerlund, Hugo; Hakanen, Jari J.; Kristensen, Tage S. (2017): It is not just about occupation, but also about where you work. In: *Community dentistry and oral epidemiology*. DOI: 10.1111/cdoe.12300.
- Bodin, Julie; Garlandézec, Ronan; Costet, Nathalie; Descatha, Alexis; Viel, Jean-François; Roquelaure, Yves (2017): Risk factors for shoulder pain in a cohort of French workers: A Structural Equation Model. In: *American journal of epidemiology*. DOI: 10.1093/aje/kwx218.
- Bouwhuis, Stef; Geuskens, Goedele A.; Boot, Cécile R. L.; Bongers, Paulien M.; van der Beek, Allard J. (2017): Predictors of transitions from single to multiple job holding: Results of a longitudinal study among employees aged 45-64 in the Netherlands. In: *American journal of industrial medicine* 60 (8), S. 696–710. DOI: 10.1002/ajim.22738.
- Bowen, P.; ose, R.; Pilkington, A. (2017): Mixed Methods - Theory and Practice. Sequential, explanatory Approach. In: *International Journal of Quantitative and Qualitative Research Methods* 5 (2), S. 10–27.
- Brinkley, Andrew; McDermott, Hilary; Grenfell-Essam, Rachel; Munir, Fehmidah (2017): It's Time to Start Changing the Game: A 12-Week Workplace Team Sport Intervention Study. In: *Sports medicine - open* 3 (1), S. 30. DOI: 10.1186/s40798-017-0099-7.
- Burr, Hermann; Hasselhorn, Hans Martin; Kersten, Norbert; Pohrt, Anne; Rugulies, Reiner (2017): Does age modify the association between psychosocial factors at work and deterioration of self-rated health? In: *Scandinavian journal of work, environment & health* 43 (5), S. 465–474. DOI: 10.5271/sjweh.3648.
- Burr, Hermann; Pohrt, Anne; Rugulies, Reiner; Holtermann, Andreas; Hasselhorn, Hans Martin (2017): Does age modify the association between physical work demands and deterioration of self-rated general health? In: *Scandinavian journal of work, environment & health* 43 (3), S. 241–249. DOI: 10.5271/sjweh.3625.
- Cacivio, Rossana (2017): Hablemos de nuestro trabajo. Riesgos psicosociales en entornos de trabajo de extensionistas agropecuarios de la Argentina. In: *Labo* 13 (1), S. 39–55. DOI: 10.15667/LABOREALXIII0117RC.
